DAILY RECORD

LOCAL INTELLIGENCE.

"HARD TIMES."-Sometimes there is good reason for the cry of "hard times;" at other times it is but the insane ravings of those who know not when they are doing well; and the wails of a class who are eternally hunting work and hoping that they may not find it. We often hear men wishing for the good old days of '49 and '50; but as far back as 1850, when the country seemed flooded with money, and nothing less than half-ounce diggings would suffice, we heard the cry of hard times," and numbers of men were without food or the means of obtaining it. So it was then, is now, and probably ever will be. While on the subject of hard times, let us institute a comparison between the wages of the laborers on this coast and those in other lands. Four dollars per day is the ruling rate here, while sixty cents a day is considered good wages for a working man in any of the European countries except Great Britain, where wages are somewhat higher. In the Tyrol silk region, and in Italy, they often do not get more than ten cents. In the country in Germany ten cents is the common pay. Women there often get but five cents. In sweeden, men often work from four o'clock in the morning till nine in the evening, and do not get any more. During the war many poor women in Berlin were hired to knit stockings for the soldiers at five cents. The profits of the poor who keep petty shops, sell trinkets in the streets or act as suttlers, do not average more than three or four per cent. Barbers in Berlin, since the raising of their prices, get five cents for hair cuttheir prices, get five cents for hair cut-ting and two and a half cents for shaving. Servants at hotels get from three to eight dollars a month. Servant girls in private families often get but ten dollars a year. Sometimes these classes cannot get work at any price.

SHARP PRACTICE. - The other morning man went into a restaurant and called for his breakfast, saying that Mr. would pay for it. The proprietor declined to issue a meal under such circumstances, as the party of the second part had left orders at the restaurant not to trust the individual first referred to on his account. Our hero next presented a pair of blankets as collateral, and upon this security secured two meals, when by accident it was discovered that the blan-kets had been purioined from the gentle-man whose name had been used without authority. Truly may it be said that an empty stomach stills the voice of conempty stomach stills the voice of con-science, but brightens the wits wonder-

empty stomach stills the voice of conscience, but brightens the wits wonderfully.

QUIET.—Everything in Pioche is gliding along in its accustomed channel. An era of good feeling seems to have set in, and so little do our denizens interfere with each other that the records of the Justice's Court have nothing to show of a criminal nature; the camp being remarkably healthy, there is no great demand for the services of gentlemen of the surgeons with no broken limbs to set or flesh wounds to sow up. The prevailing serenity leaves "ye local" little upon which to found an item. But who can say but that the present calm is not the forerunner of a storm upon the social sea of Pioche?

The Wathers.—Now that the snow has ceased to fall, we are enabled to say that it was not less than two feet deep. Yesterday morning the sun shone out bright and beautiful, and the temperature was quite mild and pleasant. The snow that had accumulated on roofs and sidewalks was being shoveled off all day yesterday. The mild temperature caused a thaw yesterday, and if it continues as warm for a few days we are somewhat apprehensive that portions of the town may be overflowed by the meliting of the snow. A little work done now to divert the flow of water, if it does come, may save trouble and expense.

water, if it does come, may save 40 Eureks Con-9% trouble and expense.

BELMONT.-Mr. Henry Farrell some days since sent us samples of ore from the Belmont mine, which were yesterday assayed by T. R. Butler, and showed a yield of \$2,828.59 to the ton. The Bel-mont only recently began to attract at-tention; but under the superintendence of Mr. Cassell (an old friend and practi-cal miner) is now taking rank among the best mines in the State. We wish him con timed success con tinued success.

THE DECISION .- On the first page of to-day's paper we publish the first installment of Judge Beatty's decision in the case of the Raymond and Eiy vs. the Kentucky Mining Company. The pub-lication of the decision will not be com-pleted probably before Sunday morning. As the decision will be valuable for ref-erence in future, the propriety of pre-serving files of the Racond containing it will suggest itself to our readers.

THE following numbers (in the Ladies Fair ticket) are entitled to the prizes printed thereon: 1st prize, No. 313, \$100; 2d prize No 123, \$75; 3d prize, No. 948, \$50; 4th prize, No. 489, \$25. The above prizes can be head. prizes can be had upon presentation of tickets to Rev. Father Monteverdy.

J. C. Maynam,
James S. Smiler,
Thomas Byrne.

STALLED. - Yesterday morning a tea in the lower part of town was observed to come to a dead lock, owing to the beavy state of the roads. The eight or ten animals attached were found unable to pull the entire load, and it became necessary to unhitch the trail wagon and come back for it afterwards. Teaming promises not to be a pleasant pastime for some days.

BEHIND TIME.—The Hamilton stage due on Monday afternoon, had not arrived at 1 o'clock p. m. yesterday. The reason is doubtless rightly attributed to the excessively heavy snow on the moun-tains between Hamilton and Pioche. These failures cause some inconvenience, no doubt, but it must be submitted to patiently.

ARRIVED AT LAST.-About 2 o'clock yesterday afternoon the stage arrived, afer a hard pull from Patterson. At that point the Hamilton stage made connection at 21% o'clock on Monday. So the stage was on the way from Patterson to Picche nearly 24 hours. Speed it was impossible to make, and sometimes the road was lost entirely.

RAILBOAD TRAVEL .- The snow on the nountain side, as far as the Alps mine, is two feet deep, and yesterday a force of men was put to work to clean it off, and the impedement was soon removed.

Builtion.-We saw yesterday at Wells, argo & Co's office ten bars of bullion from the Pioche mine and as much more from the Meadow Valley, now awaiting

MERTING TO-MORY .- There will be meeting of the Picche Engine and Hose Company at 7% o'clock this (Wednes-day) evening, at the Capitol saloon.

WEDNESDAY. DECEMBER 10, 1873. was mild, the air cool and bracing, the the whole country covered with snow to a depth of nearly or quite two feet; and many parties availed themselves of the opportunity to participate in the pleas-ures of a sleigh ride. The tinkle of the bells could not better be described than by conving a little arran of neatry which by copying a little scrap of poetry, which we clip from an exchange:

Hear the sledges with the bells— Silver bells— What a world of merriment their melody fore

tells!
How they tinkle, tinkle, tinkle,
In the ley air of night!
While the stars that oversprinkle
All the heaves, seem to twinkle
With a crystalline delight—
Keeping time, time, time,
In a sor' of Runie rhyme,
To the tinkinabulation that so a

wells
From the bells, bells, bells, bels,
Bells, bells, bells—
From the jingling and the tinkling of
bells.

DISTRICT COURT.-The Court was session yesterday, being engaged in the trial of civil cases. In order to dispatch business as expeditiously as possible a session was held during the evening. The proceedings were not of particular interest to the public.

By reference to an advertisement in o-day's paper, it will be seen that a little "onpleasantness" has sprung up between the two telegraph lines in this place. For the present we have nothing to say upon the subject.

SACRAMENTO LETTER. -In our columns this morning will be found an interesting letter from our correspondent at the Cal-ifornia Capital. Everything from that locality is looked for with deep interest.

Dez.—The Hamilton stage due last night, it is hoped, will reach here some time between now and noon. Under all the circumstances regular time cannot be

Notice! Notice! OFFICE FLORAL SPRINGS WATER Co., July 30, 1873.

THE FOLLOWING REGULATIONS HAVE been duly adopted by resolution of the Board of Trustees of the FLORAL SPRINGS WATER CO. They are to be strictly observed by consumer

commissioner of DEEDS FOR CALIFORNIA AND UTAH;
CCILLECTIONS MADE.

Office, Main Street,

rent within three days after presentation of bill the supply will be cut off, and the water shall not again be let on, either for the present or any subsequent occupant, except upon the payment of the amount due, together with the sum of two dollars; provided that in causes of specific supplies, or for fractional parts of the month, where the water has been let on, it may be cut off immediately after notice given at the place where the water has been let on, it may be cut off immediately after notice given at the place that the rent is not paid, and may be let on again upon the condition before mentioned.

2. No person or family supplied with Floral Springs water will be permitted to use the water for any other purpose than that stated is this agreement, nor to supply water in any way to other persons or families.

3. Consumers shall prevent all unnecessary waste of water, and shall make no concesiment of the purposes for which it is used.

4. No alterations shall be made in ar waterpipe or fixture without first giving notice or the intended alteration at the office of the Company.

5. In all cases where water is to be supplied

tended alteration at the office of the Company.

5. In all cases where water is to be supplied to several parties or tenants from one connection or tap, the Company contracts only with one of said several parties, and on his default to abide those regulations, and pay the rates, will cut off the connection.

6. Whenever any of these regulations shall be violated the supply of water will be discontinued, and not resumed until all charges and expenses are satisfied.

7. All persons taking water shall be a taken. ued, and not rename a person as a fact of their own expenses are satisfied.

7. All persons taking water shall keep their service pipes in good repair, at their own expense, and they will be held liable for all dampenes, and they will be need liable for all dampenes which may result from their failure to do so, agos which may result from their failure to do so.

s. Sprinkling with hose and stand-ing irrigators will not be allowed un-der any circumstances.

 The inspector, or other properly authorized officer of the Company, shall be admitted at all reasonable hours to all parts of any premises supplied with water, to see that these regulations are observed. isos supplied with water, to see that these regulations are observed.

The attention of customers having pipe connections is hereby called to the above Rules and
Regulations, adopted by the Board of Trustees,
and which are herester embodied in all contracts for water, and required to be signed
before the supply will be furnished. The above
regulations will be strictly enforced, and parties
neglecting or refusing to comply with them will
have their supply of water discontinued at
once. The Company reserves the right of placing meters on all places supplied through the
pipes, in which case two and one-half cents per
gallou will be charged for the water used, and
one-half the cost of the meter and placing upon
the premises. Parties having hose, in case of
fire, will be allowed to use water to extinguish
the same free of charge. Water will be supplied
By carta, within the main

The necessity of an economical use of water is imperatively called for in order that A FULL SUPPLY may be kept at the Company's tank is case of FIRE.
